A message from Michael Johnston, General Manager

Welcome All, to our June ACS Monthly Newsletter.

It's hard to believe we're almost halfway through 2024 and soon enough we'll be talking about seasonal bad weather, followed by peak season and then Christmas (silly season)!

With a relative calm in the schedules of Rail and Sea services, we welcome the opportunity to quote on any projects you're working on, whether that be in taking advantage of the ease and relatively fast transit of Rail or the cost effective and environmentally beneficial option of Coastal Shipping.

With transport partners across the country there are very few areas we can't assist in providing a door-to door solution.

May presented a long overdue opportunity to visit and say thanks to some of our longstanding clients and suppliers in WA, many of which I hadn't met in person in my 15 years with ACS.

I want to take this opportunity to thank everyone that was able to fit me into their schedules, both in Perth and a quick trip to Melbourne, and I look forward to meeting with more of our valued clients around the country in the coming months.

With Coastal services and schedules having settled down to a degree, we're excited about the interest in our relatively new offerings to the North Island of New Zealand.

We welcome any new enquiries or the opportunity to provide a quote.

Thanks for taking the time to read our newsletter.

Please get in touch with me or any of our team members to discuss any of our services.

Best regards,

Michael Johnston

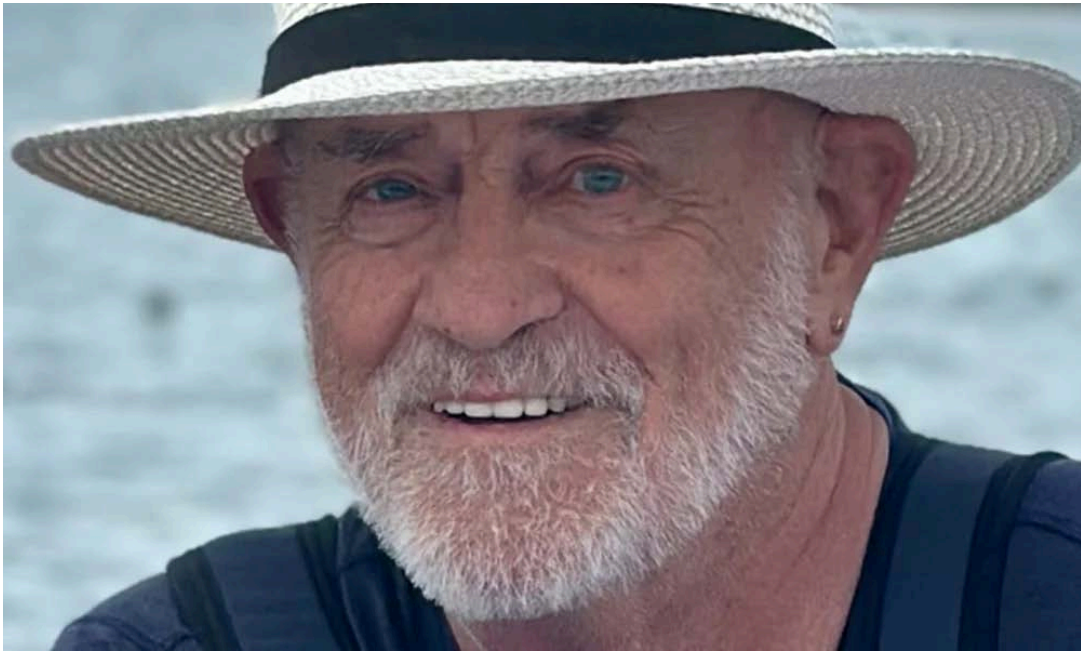

General Manager

LATEST SCHEDULES

Our sailing schedules are regularly updated to capture the most up to date information. Please visit our website to find out more.

DCN Interview with Director, Tom Pinder

Australian Coastal Shipping director Tom Pinder sat down with DCN in an inclusive interview about his days as a sailor, the future of the company co-founded and cycling through Europe.

A very interesting read about our very own ACS Director, Tom Pinder.

Credit to Cameron from DCN.

Meet Kori

Kori is our Accounts Support/Customer Service Specialist.

Kori joined the team in July 2023 and comes from an administration background and previous to this was fresh out of High School.

Kori is the little superstar of the office having quickly learnt a vast number of skills within the industry and is always willing to learn more.

Kori loves travelling and recently visited WA and loves everything about the West Coast, with plans to move to Perth in the coming years.

Kori lives in Port MacDonnell, a small coastal town 25kms from Mount Gambier, with her partner Ethan and their cat Arlo.

In her spare time, you will find Kori on a netball court playing A Grade for her local club, along with her partner Ethan who plays A Grade Football.

Kori loves living by the ocean and in the warmer months loves to swim and enjoys long walks along the beach.

Best thing about working for ACS?

I love the amazing team I work with; I absolutely love learning new things and I also love when I am given a good challenge.

Celebrating 20 years

Australian Coastal Shipping recently marked its 20th Anniversary with a celebratory dinner at the Commodore in Mount Gambier.

A feature of the evening was the presentation from the Team to the Directors, Tom Pinder and David James, and General Manager Michael Johnston to mark the milestone.
