A message from Michael

Welcome to our January 2025 newsletter.

Happy New Year, I hope everyone had a lovely break and managed to spend some down time with family and friends.

Our team are all back in the office and eager to assist with any booking enquiries.

Multi-Modal Service Offering

ACS realises that moving cargo out of Brisbane to Perth can be both a slow and expensive exercise.

The existing coastal offering transships via Sydney and can result in extended transit times of up to 28 days.

The alternative rail option, while faster, can be considerably more expensive, particularly for heavier shipments.

We have been refining our multi-modal service over a number of years, which offers you a balance of speed and cost-effectiveness.

We can provide you with a container to load in Brisbane, with 3 available departures per week - subject to confirmation of likely coastal schedules.

The shipment is then railed to meet the weekly coastal service out of Melbourne (estimated total transit time 16 days).

Our Multi-Modal service streamlines the process with a single booking.

Please let us know if we can assist with your freight forwarding needs by contacting the team on [1300 899 326](tel:1300899326) or email operations@austcoastal.com.au

How long have you been with ACS?

I have been part of the ACS team for 2.5 years now.

What is your role at ACS?

I work within the operations team coordinating and managing the end-to-end process of freight forwarding shipments via Rail, Coastal and Road.

I also assist in various marketing and advertising projects as part of my role.

What do you like to do in your spare time?

I have a daughter Ivy who is nearly 11 and keeps me pretty busy with her various hobbies, including horse riding and netball.

I enjoy music events, singing, travel, outdoor adventures and food/wine experiences.

Top 3 favourite places you've ever visited?

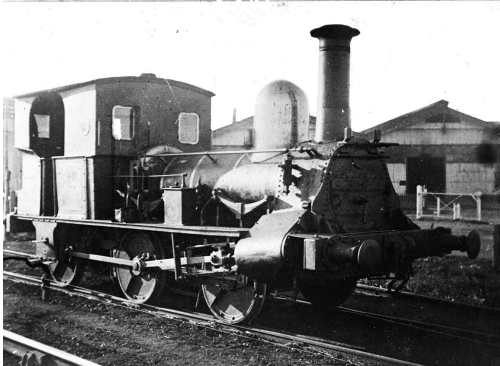

I have travelled overseas to New Zealand, Thailand and most recently Bali. I really enjoyed experiencing their culture, food and learning their traditions.

What are your 3 favourite foods?

I love cheese, especially on a tasting platter paired with a cheeky wine.

As a child, what did you want to be when you grew up?

I always dreamt of being a singer/performer and auditioned on Australia Idol back when I was 17.

Fun Fact

Who made the first train in Australia.

On 12 September 1854 the Melbourne and Hobson's Bay Railway Company opened Australia's first steam railway line in Melbourne. The 2.5-mile (about four kilometre) track went from Flinders Street Station to Sandridge, now known as Port Melbourne.

Coonawarra Fringe

Coonawarra Fringe is uncorked again in 2025. They've blended SA's oldest wine region with Adelaide Fringe to bring a festival to the vineyards for three days only.

Coonawarra Fringe will be presenting five star shows, comedy, theatre, Interactive dining and live.

Spend time wandering the Coonawarra wineries Walking Trail, and then join us for some fun, entertaining shows set in historic Coonawarra wineries.
